A student per. Project

	subm	itted by placing it on the Merlin. Project work is submitted at least 3 days
	befor	e the exam deadline.
	lf a s	tudent does not achieve a sufficient number of points on the midterm
	exam	, he/she cannot take the next midterm exam.
	Once	achieved points in the midterm exams for each learning outcome are no
	longe	r deleted unless the student decides to correct the result for a particular
	learn	ing outcome, whereby the previous points are then deleted and newly
	achie	ved points for that learning outcome are entered.
	The f	inal grade is obtained on the exam period and is the sum of points earned
	durin	g classes.
	Stude	ents who did not take the midterm exams access the written part of the
	exam	where all learning outcomes are checked and are required to submit a
	proje	ct paper before taking the exam.
	If the	students collect 50% of each learning outcome and have not yet collected
	the n	ninimum number of points for a positive grade, it is possible to orally test
	the k	nowledge around each learning outcome.
3.11 Students obligations	Full-t	ime students are required to attend at least 70% of the total number of
	hours	s of lectures and exercises in order to exercise the right to take the exam.
	Part-	time students are required to attend at least 30% of the total number of
	hours	s of lectures and exercises in order to exercise the right to take the exam.
	If the	student has not fulfilled all the obligations set by the course, he is
	oblig	ed to attend the lectures again and meet the conditions for taking the
	exam	
	Atter	dance can be offset by online tuition, organised webinars and added
	assig	nments given by teachers. One lesson lasts 45 minutes, and several hours
	form	a teaching unit. Absence from one teaching unit is counted as one
	absei	nce. Delays and apologies are recorded separately. In that case, if the
	stude	ent missed more than 50% of classes, and has a justifiable
	reasc	on/apology, the request should be submitted to the Department Council,
	whicl	n then decides on the justification of student absences with the
	oblig	atory opinion of the course leader.
